2 (The Meeting was called to order
3 at 7:40 p.m.)

4 MAYOR VEGLIANTE: Okay, I will do
5 the easy stuff first. We'll talk about
6 the Village movie tomorrow night.
7 Everybody's invited. Come on down. It's
8 gonna be a beautiful night. Right, Mike?

9 TRUSTEE CRAIG: Yes. I think the
10 gates are gonna open at 7:00. The weather
11 looks good.

12 MAYOR VEGLIANTE: Yup.

13 TRUSTEE CRAIG: We'll have candy.
14 We're gonna have a table for candy this
15 year, but we won't have water and popcorn
16 just given the circumstances around COVID.
17 And we'll ask everyone to just, you know,
18 do what makes sense. Distance from the
19 families around you. Don't crowd all the
20 way to the front. The screen is very,
21 very large so the beach obviously is even
22 bigger. We can accommodate everyone that
23 shows up. So we hope to have a good
24 night. It's a great -- it's gonna be a
25 beautiful night.

TRUSTEE EFF: Mike, I have -- I still have coloring books and crayon. Guess we can't provide that, right?

MS. SADELI: Not this year. We can do it next year.

TRUSTEE EFF: By that time they'll be -- have too much dust on them.

MAYOR VEGLIANTE: It's a different color.

MS. SADELI: We just didn't want too many people reaching in and grabbing things --

MAYOR VEGLIANTE: Right.

MS. SADELI: -- they don't have to be.

MAYOR VEGLIANTE: We're not gonna offer any refre -- no water, no --

MS. SADELI: Yeah.

MAYOR VEGLIANTE: -- refreshments. One trip on the way in, pick up your candy and go to your place. No return -- we're trying to limit the return trips so that people don't crowd together.

TRUSTEE EFF: Are the bathrooms

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 gonna be open?

3 MAYOR VEGLIANTE: Yes.

4 MS. SADELI: Yes, they are.

5 TRUSTEE CRAIG: And the gate will
6 be left open? I know in the past I've had
7 to remind them to open -- leave that gate
8 to the beach open. I'll do that again
9 tomorrow at some point, but.

10 MS. SADELI: We can ask. I'm not
11 sure who's on. I'm trying to ask Brian to
12 unmute, but.

13 MAYOR VEGLIANTE: Yeah, Brian
14 should unmute and Tim Turner should
15 unmute. They want to speak.

16 MS. SADELI: Yeah, I'm trying.

17 MAYOR VEGLIANTE: They want to
18 make something of a presentation at the
19 beginning.

20 MS. SADELI: They do.

21 MAYOR VEGLIANTE: Yeah. So they
22 can't do it if they stay muted, unless
23 that was their presentation.

24 MS. SADELI: I'm trying to --
25 trying to click their buttons, but --

MS. SADELI: Can you hear me,
Brian?

(No Response.)

MS. SADELI: Oh, yeah, he can hear
me. He just text me. I unmuted -- I can
hear you.

MAYOR VEGLIANTE: Unmute Timmy.

MS. SADELI: He won't let me.

TRUSTEE TRIMARCHI: He was on just
two minutes ago.

MS. SADELI: Tim's here. No,
Tim's here. But for some reason, I can't
unmute them.

TRUSTEE TRIMARCHI: No one's
coming --

TRUSTEE CRAIG: Let's -- maybe we
move on and when they figure it out --

MS. SADELI: Yeah, they'll come
back.

MAYOR VEGLIANTE: Yeah, okay. So
the movie night's on. We're very excited
about that.

MAYOR VEGLIANTE: Is Timmy with
you, Brian?

MR. HENNIG: Timmy should be on as
well.

MS. SADELI: He is.

MR. HENNIG: We were having a

but it just let me.

Gary, just so everybody knows, bat boxes are very inexpensive and easy to get online. I think I brought them up before. But one bat eats 1,000 mosquitos a night. Simply, if residents installed them behind their houses on the bay especially and encouraged an increase in bat population, you'd see a reduction in the mosquitos.

There's a -- there's a funny website, it's Bat Airbnb and they actually sell really nice wooden -- and they would definitely go with the architecture in our Village. They're wooden and they look really nice. I have no affiliation with that Airbnb. So not looking to make anything here, but you just -- they look like they're really easy to hang up.

And again, one bat eats 1,000 mosquitos. So just think about the, the math. I think you have a more effective chance of denting the population with that than waiting for the County to respond every time, so.

TRUSTEE TRIMARCHI: We have to

skateboard. There were no other vehicles involved. It was not a hit and run. He wasn't struck by a vehicle, had nothing to do with another vehicle.

But because it's an ongoing investigation, the State police investigator asked that we not discuss any -- anything involving the -- any details involving the incident until it's concluded and for the respect of the family and for the family's privacy. So we ask that everybody just leave it -- leave it for tonight, and that's all we're gonna be able to talk about. And I'll, I'll pass it back to you, Gary.

MAYOR VEGLIANTE: All right.

All right, want to talk about 656A Dune Road, the Village constabulary or proposed constabulary? Gary, you want to talk about it? We had a meeting about today.

TRUSTEE TRIMARCHI: So anyway, we got past the -- I know you're not gonna like what I say. Vero's -- Nick Vero's freaking shitty plans. So anyway, we now have Gary, myself, Bob Kalfur and --

MAYOR VEGLIANTE: Joe.

TRUSTEE TRIMARCHI: -- Joe Prokop have now prepared a new plan for a rebid of the constabulary and that will go out within weeks, I guess.

MAYOR VEGLIANTE: I, I think we'll be able to get it in like --

TRUSTEE TRIMARCHI: Well on our way.

MAYOR VEGLIANTE: Yup.

TRUSTEE TRIMARCHI: You know, making a long story short, but that's where we stand right now. I think that at this point now we're going to be able to do the final public offering for the -- for the project and we'll be on our way.

MAYOR VEGLIANTE: Yeah, I think --

TRUSTEE TRIMARCHI: Making a long story short, but that's pretty much where

TRUSTEE CRAIG: Gary, are we
staying with the modular --

TRUSTEE TRIMARCHI: Gary, Bob
Kalfur and myself today and everybody has
agreed to agree that that's where we're
going. So we're in pretty good shape.

MAYOR VEGLIANTE: I think we are.
Go ahead, Mike.

TRUSTEE CRAIG: Gary, are we
staying with the modular design? I know
we were talking about going stick built.

TRUSTEE TRIMARCHI: Well, we have
to redo everything. The modular design
will come in at the lowest price. If it
doesn't, it doesn't, okay? And then we'll
build whoever's got the best numbers.

TRUSTEE CRAIG: So are we gonna be
bidding it as stick built and a modular?

MAYOR VEGLIANTE: That's correct,
yup.

TRUSTEE TRIMARCHI: Okay, we're
gonna be bidding this project in several

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 phases. So the phases are, we're bidding
3 right now just the house, itself --

4 TRUSTEE CRAIG: Yeah, primary
5 structure.

6 TRUSTEE TRIMARCHI: -- with no
7 pilings, with no ancillary items like LED
8 ramps, landscaping, driveways and
9 whatever, to be able to get the house up
10 and running.

11 The only thing we have to really
12 go to bid for and prior to that, according
13 to Joe, is anything that's over \$35,000.
14 That's what's -- will include the piling
15 drawings because they will be over
16 \$35,000.

17 We were informed today by Bob
18 Kalfur, Vero put this AE string thing on
19 there with cement on top of the pilings,
20 and it's bullshit. According to Bob, we
21 are not required to do that by any
22 forestretch of the imagination. So it's
23 gonna be built like probably every other
24 home on Dune Road, with a set of pilings
25 and a house set on the pilings. So we

garages. No cement walls there. That started the very beginning. We just dig it out and we do it. I think there's some type of retaining things. I'm not quite sure, quite, quite sure about it. But we'll figure that out when we get to it. But what we're -- on the original Vero drawings, we don't need to do all of that type of work with a cement wall on top of the pilings and the girders to build the home. We'll deal with the garage and the under- -- underground portion of it as, as we --

TRUSTEE CRAIG: Okay. Okay.

TRUSTEE EFF: Gary, Gary V., you had spoken to Bob Kalfur about being the key person --

TRUSTEE TRIMARCHI: Yup.

TRUSTEE EFF: No. I just was clarifying with Gary what Bob Kalfur's role is going to be. And he's gonna be the singly --

TRUSTEE TRIMARCHI: Bob Kalfur's role right now is to -- is to put together the bid package for the -- for the new bid coming in because we have to rebid the job.

TRUSTEE EFF: Right.

TRUSTEE TRIMARCHI: And we are going to use a template that we have in our possession today for that template. Bob will put that out and then Joe will do a public -- we'll send out the public offering on it.

we can go from there.

MAYOR VEGLIANTE: Well, hopefully we get the bid in by next, next Thursday's paper, but that's very li- -- that's a very optimistic view. We have to have -- we'd have to have it completely prepared by Tuesday of next week. I think it's more realistic that it'll appear a week from this -- two weeks from today it'll be out. And it'll be a ten-day bid return. So sometime before September we should have the direction and the bid ready to be awarded. We should know where we're going.

TRUSTEE EFF: Great.

TRUSTEE CRAIG: Okay.

MS. SADELI: Can I just -- can I just stop for a second? I'm sorry. It looks like there are some people trying to join the meeting that definitely aren't residents. I let one person in. I can't get him out.

MAYOR VEGLIANTE: Well, no, you can let nonresidents in.

MS. SADELI: No, I don't think you

3 TRUSTEE CRAIG: Well, if he's not
4 in the meeting, then don't let him in.

5 MAYOR VEGLIANTE: Yeah.

6 MS. SADELI: Yeah. Okay.

7 What do you think, Joe? Don't let
8 him in?

9 MR. PROKOP: Now that there's
10 already been a problem, I probably would
11 not let him in, yes, right.

12 MS. SADELI: Okay. All right,
13 I'll just remove him.

14 MAYOR VEGLIANTE: All right.
15 We'll go on to the new roadway signs. I
16 know there was some questions about the
17 roadway.

18 We had an inventory done by a
19 professional, you know, road guy. We've
20 done it now and we replaced all the road
21 signs. Is that right, Angela? The road
22 signs are actually in place?

TRUSTEE CRAIG: What about -- Angela, what about the new -- what about the walkway? The crosswalk signs that sit in the middle of the road? There's one in the beginning of the Village here that's survived, but I've noticed several (inaudible) and another one that was hit, I guess, by a motorist.

MS. SADELI: I wish I could unmute Tim 'cause he did send me an e-mail about that. But for some reason --

TRUSTEE CRAIG: We need to replace those.

MS. SADELI: Yeah. I can e-mail -- I'll have Mike Burner get in touch with the guy who did the signs from Westhampton Beach and see if we can get new crosswalk signs.

TRUSTEE CRAIG: Yeah. Those are really, really good. They slow traffic down and they allow people to cross and

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 asked about snow fencing. You know, I
3 don't think that unfortunately the Army
4 Corps is not gonna be putting the snow
5 fencing in again. That's been turned back
6 several times after Lee Zeldin and before
7 him, Tim Bishop got it approved.
8 Unfortunately, official wildlife got it
9 disapproved. And with the COVID issues
10 this year (inaudible) it was never strong
11 enough to get going.

12 So if you want to do snow fence,
13 we strongly suggest that now would be the
14 time to start lining up maybe a contracted
15 LL if you do it and a place to buy the
16 snow fence. I know Aram can help you get
17 in touch with some of those people,
18 although he doesn't do it in the Village,
19 himself. He can help you get in touch
20 with people if you want to get Aram's

22 will give you Aram's number and he'll help

like a small drawing to show, if the homeowner's gonna do it themselves, a small drawing on how they may do it at the end of their walkover.

MAYOR VEGLIANTE: That's a good idea. I'll have Aram put something like that together. It's not very difficult. And remember, we don't -- yeah, we only -- we only permit wooden posts. So don't let any contractor put metal posts in the ground. They're just not very safe. They don't work out well and they also don't last long. So there are just a few requirements. But I think that's a good idea, Gary. We'll, we'll do a general --

Do you have the ability to remote into the server in the Village from your home, if you had power, to send out notices to our residents --

MS. SADELI: Yes.

And I was checking e-mails and really working mostly from home because COVID, so I had to quarantine a few times. So yeah, we do have that ability now.

TRUSTEE CRAIG: Okay. And residents should send their contact information to Tim and Brian who run a separate notification, right? They -- constables will typically send separate notices from time to time. So if you're gonna send it to Angela, send it to the constables as well.

MS. SADELI: Yeah. And Brian or Tim, when they put together those e-mails, they usually send them to me, since I have

the contact lists already created. And I'll send out those e-mails. So working Brian put something together and (inaudible) sent it out.

TRUSTEE CRAIG: Okay.

MAYOR VEGLIANTE: As many of you know, this year is an election year. The three -- the three people running are myself, I'm running for Mayor again. Mike Craig is running with my -- with us on the same ticket. And our new trustee and new candidate is Harvey Gessin. My thanks to go out to both my fellow running mates. They've been very, very good and productive members of the community. Mike has been a very productive member of my Board. And, you know, I really appreciate all the work we've done and welcome aboard Harvey. No one has -- no one has put a petition in to run against us, so hopefully it'll be a good election for us, but, you know.

MS. SADELI: Don't forget Adam.

MAYOR VEGLIANTE: Oh, yes, yeah.

We have a judge candidate. Adam Gomeran was kind enough to accept my invitation to run and he will be hopefully our sitting judge. But remember, people can run a write-in campaign and it could get dangerous because, you know, we get a little relaxed in our decision and, you know, our turnout is generally not stunning. If you're an optimist, you can say in the last election I won -- we all won by a unanimous landslide. And if you're a pessimist, you can say we won by a narrow margin and 19 votes.

So you really need to get out. If you're in the area, it'll be on September 15th now, which is a Tuesday. We're hopeful that we can get the Governor to agree to allow some of the east end villages to have it on a traditional Friday. But as of yet, he's not made that offer. And we've been asking him quite a bit. He hasn't responded. My guess is that if he does respond, it won't be until like the day before. So I anticipate the

election will be held on Wednes- -- on
Tuesday, September 15th.

If you're registered in the
community, come on out and vote. It's a
great day. You come out. You know, a lot
of times after it's over we'll go into
town and grab a burger or something. But
it's kind of a fun event. And I'd love
for you to show up and vote 'cause we'd
love to be here for another four years.

TRUSTEE CRAIG: And no mail-in
votes, right, Gary?

MAYOR VEGLIANTE: No mail-in votes
now. Oh, the way it's going, may I can
just -- mail in whenever you like, if
you're registered, if you're not. If you
died last year, it's good. Just mail it
in as long as I like what it says.

TRUSTEE TRIMARCHI: Let me make a
comment about mail-in votes.

TRUSTEE CRAIG: Be careful.
You're on the record.

TRUSTEE TRIMARCHI: I know, I
know. But I just want everybody to know

this because I don't think that most people do know it. On the back of the envelope --

MAYOR VEGLIANTE: Yup.

TRUSTEE TRIMARCHI: -- there was an "R" and a "D".

MAYOR VEGLIANTE: On the serial bar.

TRUSTEE TRIMARCHI: The "R" and the "D" stands for Republican or Democrat.

MAYOR VEGLIANTE: Yup.

TRUSTEE TRIMARCHI: So any nasty little post office guy is a Democrat.

TRUSTEE CRAIG: Or a Republican.

(Crosstalk.)

MAYOR VEGLIANTE: It's very true.

TRUSTEE TRIMARCHI: But it's true. If you look at your mail-in ballot --

MAYOR VEGLIANTE: You know, Gary, I don't --

TRUSTEE TRIMARCHI: (Inaudible) a Republican or a Democrat.

MAYOR VEGLIANTE: Yeah. You know, Gary, I don't believe that is on the

traditional absentee ballot form. But under the new ballots, the new mail-in ballots, it's on that form. So while it doesn't seem to be on the -- on the old-fashioned absentee ballot, there was no serial number on the outside that indicated --

TRUSTEE TRIMARCHI: No number.

It's a "R" and a "D".

MAYOR VEGLIANTE: Yeah.

TRUSTEE TRIMARCHI: Serial numbers, but there's an "R" and a "D".

MAYOR VEGLIANTE: Right.

TRUSTEE TRIMARCHI: (Inaudible) a Republican or a Democrat.

MAYOR VEGLIANTE: Yeah. I don't believe that's on the traditional absentee ballot. But it is on the new mail-ins.

TRUSTEE EFF: Well, the point is --

TRUSTEE TRIMARCHI: (Inaudible.)

TRUSTEE EFF: Are you supposed to circle something or is it just an "R" and a "D"?

TRUSTEE TRIMARCHI: Why are you
gonna tamper with the barcode?

MAYOR VEGLIANTE: And when send it
back, you send it back in the envelope
with the barcode. But if you look at the
numbers below the barcode, there's a
series of numbers. At the end or near the
end there's either an "R" or a "D"
indicating what your affiliation is.

TRUSTEE TRIMARCHI: It's very bad
news. It's bullshit.

been affiliated with a party for the last
20 years and it's worked out very well for
me. I don't know what they put for me.
Do they put a "U"? You know, unaffiliated
or, or blank? I don't know. But I intend
to vote in person.

So, but anyway, for our election
you come out in person and be registered
to vote and, you know, you can cast your
ballot.

Angela, did we order the paper
ballots yet?

MS. SADELI: Thousands. We had such a turnout last time.

MAYOR VEGLIANTE: Yeah. Harvey Gessin, Mike and I.

MS. SADELI: And Adam.

MAYOR VEGLIANTE: And Adam going.

I'm enthusiastic about the election, especially with the newcomers being Harvey and Adam. Harvey is, of course, as you know, replacing Barry, who retired near the end of his fourth year because he had sold his home. And Adam will be running for the judge. I think it's become a little tough. Judge Betts served as well, but I don't think he's been feeling that well in the last few years and I just thought his interest was not there. So I asked Adam if he would serve and he was gracious enough to allow me to put him onto the party.

MR. PROKOP: Gary, I think that if we're gonna have inspectors from outside the Village, then we should adopt a resolution tonight authorizing the Village

to have inspectors from outside the Village. They're not re- -- excuse me, that are not residents of the Village.

MAYOR VEGLIANTE: Right. You know, we do that every reelection, Joe, as you know. And I think that's a good idea. I think the -- two of our last inspectors have turned out, I think.

MS. SADELI: Yeah. They're not on the list anymore.

MAYOR VEGLIANTE: No. I think they passed away.

MS. SADELI: Yeah, I think so, too.

MS. SADELI: She was, yeah.

MAYOR VEGLIANTE: Yeah, 91.

So, yeah, Joe, how do we do that? We approach the Board of Elections and ask them to assign someone?

MS. SADELI: I have a list.

MR. PROKOP: They have a list.

MS. SADELI: I have a list and I've called a few people. I'm just waiting to hear back.

TRUSTEE TRIMARCHI: No, that someone got in and showed terrible photos of the Columbine High School, you know, murders where they shot all those people.

MR. PROKOP: October 19th we got it.

MAYOR VEGLIANTE: Yeah. They reply October 19th making all sorts of demands on us and demanding that we reply to their letter within 30 days. They took a year to come back to us to answer our letter and all they did was threaten us and demand we reply to their threats in 30 days.

So Joe and I and David Yaffe had a conference call. We are going to reply. Of course, we're going to give them the information that they need and that is that we don't have the information available within 30 days and that they'll have to wait until we do. So we'll give them a reply at the 29th day telling them here's our reply, we're not ready to reply.

But we're planning an aggressive answer and an aggressive -- I think we're going to be reduced to maybe a court case. It was a very discouraging letter, very

towards the Village. But we're used to it. They've always been that way.

So, Joe, I think next week, you and I and John and Gary and Mike should have a con- --

TRUSTEE CRAIG: Yeah. Yup.

TRUSTEE EFF: Yup.

MAYOR VEGLIANTE: All right. We'll schedule it next week, guys.

All right. Any -- all right, the Trustees, you guys got anything you want to bring up, other than what we talked about?

TRUSTEE EFF: Yeah. Joe, I wanted to ask you a question. When is the Optimum franchise agreement due to be renegotiated? Are we at the end of that agreement or what -- what do we need to do?

MAYOR VEGLIANTE: We're more than halfway through it.

MR. PROKOP: I thought we looked at it some time ago and we were nearing the end. But I'll look -- I'll look it up

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 and check and see.

3 So I -- I've actually reached out
4 to Altice in advance of that because it's
5 about -- they're so slow intentionally
6 that it's about a year process to get your
7 contract renewed with them. And what
8 happens is, you know, when you renew the
9 contract again you pick -- you get paid a
10 franchise fee by Altice. And I think
11 somebody -- somebody internally in them
12 has figured out that if they delay the
13 villages by a year or two or three, then,
14 you know, they're buy- -- you know,
15 that's -- they're buy- -- they're getting
16 the time value of that money. So, so I --
17 we -- I did reach out to Frank Alleva,
18 who's their vice president for
19 governmental -- local governments, and
20 we're waiting for a response.

21 TRUSTEE TRIMARCHI: (Inaudible)
22 with the same woman that we dealt with

TRUSTEE TRIMARCHI: No, no, no. I mean, but try it. Go try to get something done with Optimum.

MAYOR VEGLIANTE: No, I agree, but the --

TRUSTEE TRIMARCHI: It's an hour wait on the phone. Hopefully, they say they give you the option to call back. If we're gonna put our whole Village in this, then maybe we have to make some changes to what they're doing.

TRUSTEE TRIMARCHI: So maybe they don't want one.

TRUSTEE CRAIG: The leverage that we have with Altice is we charge them a franchise fee, to John's point, and we can demand that they upgrade their service to the -- to the barrier island here because their service is very slow, I agree with Gary and John. So that's the leverage that we can have Joe work on.

TRUSTEE EFF: A number of residents have, have talked -- have mentioned to me that they've been having problems with -- and they take forever to respond. Same thing that Gary Trimarchi just mentioned. They don't answer the phone, they take forever. They kind of -- what they do is they kind of bunch up a lot of requests and eventually they'll get down here, you know, on Dune Road. But, you know, that's ridiculous after a while, so I heard it.

a franchise in our road right-of-way, so.

monopoly, basically.

MAYOR VEGLIANTE: We would not
be -- we would not be exclusive if someone
else is interested.

TRUSTEE CRAIG: Let's, let's hear
what --

(Crosstalk.)

MAYOR VEGLIANTE: Well, first of
all, look, we provide a franchise to any
service that wants to come into the
Village. We must provide a franchise. We
have not been petitioned by any other
service for Cablevision, other than
Altice. Now, if Fios wants to come into
our Village, they have to come to us, but
we have to grant them the franchise. We
can always negotiate what we're -- how
much we get or try to negotiate. But the
bottom line is, any cable company in the

State of New York has the right to enter the Village and the right to use the right-of-way.

TRUSTEE TRIMARCHI: Right. But we don't have to grant a, you know, only -- right? Is everybody (inaudible)?

TRUSTEE CRAIG: I think we have the ability to charge them a fair rate and I think what John's saying is they're not paying a fair rate. We should negotiate higher and get some leverage.

(Crosstalk.)

TRUSTEE EFF: Even more to the point, they're not providing adequate service. That's what the problem is.

MAYOR VEGLIANTE: I think we all agree with that. I believe we all -- nobody's arguing that point. And if you've watched the news lately, you see that Altice and PSE&G are on the hot seat, so to speak. The Governor's demanding a special investigation. They haven't done the right job. That's the pressure we can bring. But we have no -- Joe, will you

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 explain to them how it works? Because you
3 and I had these negotiations for the last
4 20 years -- hey, Stan -- for the last 20
5 years.

6 TRUSTEE TRIMARCHI: I remember
7 last time we negotiated the deal, the
8 woman came up --

9 TRUSTEE CRAIG: Stan, we'll come
10 back to you.

11 MR. PROKOP: So actually, there's
12 a pretty detailed process now. And
13 because of all the complaints, they
14 actually sent around a letter about a year
15 or two ago. The cable company sent a
16 letter around about a year or two ago
17 explain- -- giving the citations of the
18 code sections that are relevant, the
19 Federal code sections that are relevant.
20 And it ends up that there actually is a
21 process where you can rai- -- prior to the
22 renegotiation, you can raise substantial
23 complaints to them that they have -- that
24 they're required to address. And you can
25 also actually refuse the franchise if you

proceed properly. But the problem is that you have to have somebody to, to back it up. You know, if we get rid of Optimum, there has to be somebody in the wings.

TRUSTEE TRIMARCHI: (Inaudible.)

MAYOR VEGLIANTE: Sorry?

MR. PROKOP: We'll know on Monday. I'm not sure. We'll know on Monday. We'll look it up.

TRUSTEE TRIMARCHI: Okay.

TRUSTEE EFF: Thank you.

TRUSTEE CRAIG: Gary, I had two, two quick things. One, we'll come back to it. We didn't talk about the Fire Department Contract.

MAYOR VEGLIANTE: Oh, yeah.

TRUSTEE CRAIG: Yeah, so we'll come back to that.

I did have one quick thing with respect to the east end sales. Some good news. And maybe some of our residents saw it in the latest Southampton Press. But these numbers are -- I'm just gonna talk about our numbers and sales volume and

price is now 3.6 million, which is up 32 percent.

So the Village -- and if you go -- and it has every village in town here. We are, by far and away, one of the higher percentages in dollar volume, in average price and in number of transactions for the size of our Village. It's incredible, so.

MAYOR VEGLIANTE: We've had several sales in the Village, some of them approaching \$6 million.

TRUSTEE CRAIG: Yeah, the number's now are gonna be even higher.

MAYOR VEGLIANTE: Yup, they are. They will be, so.

TRUSTEE CRAIG: So it's a credit to the new families that we have in the Village. And obviously we welcome everyone and the Village is thriving very, very much.

MAYOR VEGLIANTE: Remsenburg, Angela, what, nine new students registered this year?

MS. SADELI: Ten in the elementary school. And I think it's like 70 -- over 70 kids in the Westhampton Beach middle school and high school.

MAYOR VEGLIANTE: So we have nearly 80 kids not just from our Village --

MS. SADELI: Right, but in our area.

MAYOR VEGLIANTE: -- that are newly registered in Remsenburg and Westhampton Beach.

TRUSTEE TRIMARCHI: So we have 80 new students registered in Westhampton?

MS. SADELI: Yes.

TRUSTEE CRAIG: What's that, Gary? You're breaking up.

MS. SADELI: Yes.

TRUSTEE TRIMARCHI: We have 80 new students registered in Westhampton?

MS. SADELI: For Westhampton middle school and high school, yeah.

TRUSTEE CRAIG: 75.

MS. SADELI: 75.

MS. SADELI: Yeah.

TRUSTEE CRAIG: Where the normal is ten, so.

TRUSTEE TRIMARCHI: (Inaudible) with the taxes.

MAYOR VEGLIANTE: Well, we'll see what happens. But at least -- at least there'll be some bus -- school buses going down our road. We'll be getting some of our tax money back, you know, or getting the use of it anyway, so.

TRUSTEE CRAIG: That's all I had. You want to talk about the fire contract, Gary?

MAYOR VEGLIANTE: Yeah. The fire contract went up this year, but still not very much, actually. Our raise in our Fire District costs was less than what it was within the district per cap per dollar. I think it went up by, what, \$9,000, Angela?

MAYOR VEGLIANTE: 239.

MS. VEGLIANTE: Oh. Yeah, okay.

MAYOR VEGLIANTE: There's not
that -- first of all, I think it was --
it's a good number because it was not
increased at the same level within the
district. And secondly, there's no way we
could do anything without him.

should call PSE&G as well to let them know. We will notify them as well. But the information that we end up getting later on is available to the public. They did a great job with their website.

If you go on PSE&G Long Island Outage Map, if you just Google that, it'll actually -- you could pop up and you can actually pinch in and zoom in and out and actually see -- it puts the actual houses and you can see who's affected and it gives you the same estimated restoration time that we have access to. So just not that anyone can't call us, but just sometimes it just -- understand that we're dealing with a couple other things at the same time. So the information is out there and it's available to you.

TRUSTEE CRAIG: It's on -- it's on --

TRUSTEE TRIMARCHI: Well, I have to say they did a pretty good job with that outage last time. They lost a whole transformer (inaudible).

MR. HENNIG: It was up in about four hours.

TRUSTEE EFF: Can I just say that that information is on everybody's bill. Because I called, myself, to get an update on an outage. We had a big outage on Dune Road the other day and it was out almost -- yeah, almost up to the bridge. I actually surveyed the line. So I knew where they were and where they were working. And I did call in. And through using my account number, I was able to get the report in for that.

But I would like to suggest that on the utilities, like whether it be Altice or, in this case, PSE&G Long Island, we should have -- that phone number is very available. And it's not unique, right. So people can call in. Let's put it on our website. You know, why -- we should have it there because people will look.

MR. HENNIG: You can report the outage right online as well. You don't

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 have to even call.

3 TRUSTEE EFF: I know. No, I know.
4 I understand that.

5 MR. HENNIG: It's very easy.

6 TRUSTEE EFF: Right. This gives
7 people both options because there are
8 people that don't -- you know, who just
9 like to call a number and then report it
10 in that way. So we should really put that
11 on there for storms and for outages.

12 MS. SADELI: I'll link to the
13 PSE&G.

14 TRUSTEE TRIMARCHI: (Inaudible.)

15 TRUSTEE EFF: Yeah, yeah.

16 TRUSTEE TRIMARCHI: After what
17 they did with this last (inaudible).

18 MR. HENNIG: Yeah. In the 200
19 block of Dune Road, a transformer in the
20 rain caught fire and it caught the top of
21 the pole on fire and it actually broke
22 off. And within four hours they got that
23 fixed. That was --

The other thing, Gary, we just want to remind everybody to please call the duty cellphone, which if everyone doesn't have it, it's on the website. We will give it out. I'll give it out right now. But it's (631) 404-8304. We have magnets. If you need one, call us, we'll give you a magnet.

You know, we're on the road a lot. I worked by myself on Thursday. I came in the office and there were several messages from residents with questions and things that were on the machine for, you know, two hours because we spend most of our time on the road. And if they called the cellphone, I could have addressed some of the things while they were in progress rather than, you know, getting the message. And I think that's really it.

And Tim, if you're still muted, if you want to text me if you have anything else to add. Otherwise, I'm all good.

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 Gary, I'll wait to see if there's any
3 questions.

4 MS. SADELI: Do you have a
5 question? You can raise your hand.

6 MAYOR VEGLIANTE: Yeah. I just
7 want to mention that one of the doctors
8 that answered that terrible accident last
9 Friday has suggested that -- and he was
10 willing to participate as well as kind of
11 coordinate. But we'll talk about this a
12 little later on maybe during the month at
13 the next meeting. That if there are any
14 physicians in the community, number one,
15 that try to form kind of a civilian health
16 squad of sorts, we'll be trying to put you
17 all together so you can talk about what
18 type of response that you could provide
19 if you're in the community, you know, with
20 the adequate protection.

21 It was very nice of -- several
22 doctors went to that scene and worked very
23 hard to assist our resident.

MAYOR VEGLIANTE: And it was very nice of the doctors that have responded.

TRUSTEE CRAIG: Joe, is that --

MAYOR VEGLIANTE: What? I'm sorry.

MAYOR VEGLIANTE: We got the Treasurer's Report. You're up.

19 many of the residents here really
20 appreciate what you do.

21 MAYOR VEGLIANTE: Thank you.

22 MR. VICKERS: I have a couple of
23 things I want to bring up. First of all,
24 this Village Improvement District, we'd
25 like to get that approved. We had a -- we

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 had a Zoom meeting about three weeks ago
3 where for the 12 residents that are
4 affected by the Village Improvement
5 District and we had a unanimous vote to
6 proceed with the project. All 12 people,
7 including the Glanz's, agreed to the
8 Village (inaudible), much to my surprise.
9 Much to my surprise.

10 TRUSTEE TRIMARCHI: Stanley.

11 Stanley, let me say something.

12 MR. VICKERS: I can't hear you,

13 Gary.

TRUSTEE CRAIG: Okay. We can do that tonight.

MR. VICKERS: I was hoping that we would have something in written form to provide to the Village today.

Joe, where -- where are we with that, that letter?

MR. PROKOP: We don't have a -- we don't have -- as far as I know, we didn't get anything in writing from Aram. But it was my plan to have the Trustees vote tonight anyway even though there's no written document.

MR. VICKERS: Yeah, 'cause I'd like to proceed because time is everything. And in Aram's timeline, he wanted to have the living shoreline in by the end of next year.

MAYOR VEGLIANTE: Yeah.

Verizon, you get Fios, I don't think you can get Fios here. When I wanted to get high-speed Internet I think two years ago, they told me no, we don't have it, we just have like a regular line, we don't have the high-speed line. And if you want to get Fios and have good TV reception, they'll do something with DIRECTV. And if you have DIRECTV, you don't get high-speed Internet. That's why I'm with Optimum now. But I don't think that's changed.

MAYOR VEGLIANTE: Yeah. Fios -- Verizon has told me clearly they're not interested in making the investment.

MR. VICKERS: Right. It's too expensive.

MAYOR VEGLIANTE: Because they view us as summer residents and seasonal and they just don't have enough operation on --

MR. VICKERS: Exactly. So the way to go is with Cablevision or Optimum, whatever they are.

MAYOR VEGLIANTE: Well, we'll keep

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 pressing them. And they are on the hot
3 seat. You know, the Governor is really

7 know, who would we get?

Mark Cuthbertson got us an easement from Glanz, if that's the question you're asking me about, yes.

TRUSTEE TRIMARCHI: So in other words, we can move forward with or without Glanz, whether he contributes or not? And (inaudible) will be condemnation if he doesn't again, right?

MR. PROKOP: Yeah. I think with the six that we're talking about at this time, we can proceed with our plans.

So we got -- Stanley called me three weeks ago and told me that we -- that the bid was ready to go. Yesterday I got the -- the properties were identified that are affected by the new project and today I got the names of those people. So I'll be sending them the agreements that they need to sign. I'm sure I'll get them back right away. For many of them, they'll be -- for many of them, they'll just be updating agreements that we already have in place. proposal, but I'm sorry to -- I guess it's not here. We know it's a -- it's basically a rock dune that's gonna be installed above the mean high --

MAYOR VEGLIANTE: Living shoreline it's a living shoreline.

MR. PROKOP: Living shoreline, okay.

MAYOR VEGLIANTE: Referring to it as a living shoreline.

MR. VICKERS: But what's happening is six -- there originally -- our original Village improvement called for 12 homes. We only did six. So part of this is completing the six that were stalled by the Glanz lawsuit. So that can go forward. In addition to that, all 12 homes will have what's called a living shoreline which will be a sort of break water in the bay out off our properties that will run -- it won't be a continuous break, but -- so people will be able to get in and out to the shore from the bay. So that's what is gonna happen with this

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 new project that Aram is spearheading.

3 TRUSTEE TRIMARCHI: So, so we will
4 not have to go on or encroach on the Glanz

WHD - BOARD OF TRUSTEES - 8/21/20

MAYOR VEGLIANTE: No, it's done.
We already got the easement. Gary, we
already have the easement on his property.
He's acquiesced.

TRUSTEE TRIMARCHI: I get it, but
we need to collect the money.

MAYOR VEGLIANTE: Yes.

TRUSTEE CRAIG: He's paid.

MAYOR VEGLIANTE: It goes into
your tax bill. We collect it every year.

TRUSTEE TRIMARCHI: Okay.

MR. VICKERS: There's a special
assessment on -- there will be a special
assessment on each of the 12 homes in
addition to the real estate taxes.

MAYOR VEGLIANTE: That's right.

MS. SADELI: Right.

TRUSTEE TRIMARCHI: Okay.

MR. VICKERS: Now, the six homes
already have it and they've been paying
off their --

TRUSTEE TRIMARCHI: Okay, I'm with
you. I get it. I get it. I get it.
Right.

MS. SADELI: Stanley, the number you were looking for for the constables was (631) --

MR. VICKERS: Wait a minute. Go ahead, (631).

MS. SADELI: 404.

MR. VICKERS: Oh, 404.

MS. SADELI: 8304.

MR. VICKERS: 8304.

TRUSTEE EFF: Angela, is that number prominently on the -- on the website?

MS. SADELI: Yes.

TRUSTEE EFF: It's under --

MS. SADELI: It's under Constables, yup.

TRUSTEE EFF: Yeah, okay.

MR. VICKERS: It may be worth shooting an e-mail out to whoever -- whoever e-mail you have telling them that it would save our constables a lot of time.

MAYOR VEGLIANTE: It will probably be faster.

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 MS. VEGLIANTE: We can put
3 something on the first page --

4 TRUSTEE EFF: Right.

5 MS. VEGLIANTE: -- for who's the
6 best call would be to the --

7 MAYOR VEGLIANTE: For emergencies
8 they want you to call 911.

9 MS. VEGLIANTE: 911. But I mean,
10 (inaudible) yeah, and then call.

11 MS. SADELI: I don't know if Brian
12 and Tim -- I think Brian's still on -- can
13 say. Did you guys mail everybody a
14 magnet? Or I can put one in with the tax
15 bills this year.

16 MR. HENNIG: I've given them out
17 to quite a few residents. We didn't -- I
18 don't think we mailed them out to anybody.
19 But we've handed them out to -- most of
20 the people --

21 MS. SADELI: Have them.

22 MR. HENNIG: -- have, have
23 magnets, yeah. But obviously for
24 emergencies, you still need to call 911.
25 That's even from a cellphone, from a

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 landline phone. Because we, we have been
3 getting quite a few 911 hang-up calls
4 which we still respond to. They dispatch
5 us to those as well. But, you know, if
6 you have an emergency -- and we've had
7 some serious calls over the years because
8 people have called the duty phone which
9 resulted us then having to notify first
10 responders and other, you know, other
11 resources to respond, whereas if you call
12 911, all those other resources get
13 coordinated with us at the same time so
14 everything really flows well. It's more
15 for, you know, my neighbor's dog is
16 barking or, you know, there's loud music
17 or --

18 MR. VICKERS: Nonemerg- --

19 MR. HENNIG: Right. Nonemergency
20 stuff.

21 TRUSTEE EFF: Brian, on the
22 regular police phone in the police
23 headquarters, can you remotely access the
24 messages that come in on a routine basis

TRUSTEE EFF: Yeah, no, that's --

MR. HENNIG: Power goes out in the office, yeah.

TRUSTEE TRIMARCHI: But we have a phone number for the officer on duty. You can call that phone number directly and speak with the police officer that's on duty.

TRUSTEE EFF: No, no, I understand.

MS. SADELI: The number I just gave out.

TRUSTEE EFF: I understand that. But the point is most people don't, you know, remember that. And they do or possibly do remember the constable's headquarters' number. So I'm just saying as a belt and suspender, if -- you know, maybe we should be checking that remotely if the guys are out somewhere else in the Village. That's all I'm saying.

MS. SADELI: Call forward.

MR. VICKERS: Can we go back to the Village Improvement District?

MR. TURNER: Hello.

MR. VICKERS: We have a vote to --

MAYOR VEGLIANTE: Oh, with the Bat BNB?

MR. VICKERS: Yeah.

MS. SADELI: What's that?

MR. HENNIG: It's Bat Airbnb.

MR. VICKERS: No. When you do it, it's Bat BNB.

MAYOR VEGLIANTE: You get a bat house, you put it up behind your house. Now --

MS. VEGLIANTE: Are you gonna need bats with it?

MAYOR VEGLIANTE: You know, I want to -- I'll let you all know you'll be encouraged (inaudible) in your backyard, which is a good thing, but some people will be a little squeamish.

7 MS. VEGLIANTE: Has to be a

12 MAYOR VEGLIANTE: And when they

21 MAYOR VEGLIANTE: Tim, do you want

11 rid of Optimum here. I had two, two areas
12 where I was fighting with them and waiting
13 for hours. I'm -- honestly, we've lost a
14 week's time of my documenting and sending
15 complaints about their overcharges, et
16 cetera. They are the worst run company
17 I've ever run into. Get rid of them,
18 please, Gary.

19 TRUSTEE EFF: Can I make a
20 suggestion? Being that we're gonna be in
21 these negotiations, if you have issues
22 with the company, maybe, Angela, could you
23 receive any complaints that the Village

MR. PROKOP: Okay. So the -- excuse me, I'm sorry. So as I understand it, Mr. Rinn came by the office yesterday or today and said something about the, the right-of-way that we're looking for. And then I got a call from a new attorney or another attorney in regard to Mr. Rinn. I called -- I spoke to him this evening and he said that he pro- -- he's gonna get off this cycle where we discuss it the day before the meeting or the day of the meeting and call me next week.

MAYOR VEGLIANTE: (Inaudible) effective up until now.

MR. PROKOP: Call me next week and try to get -- proceed to a path where we'll be able to swap the, the easements. I also in the meantime talked to Bob Rapp from the County, who's the head of the Municipal Government Bureau. And he also

MAYOR VEGLIANTE: Okay. That's great news.

MR. PROKOP: Yeah.

TRUSTEE CRAIG: Joe, what's the location of the bay access?

MR. PROKOP: It's in the diagram that Rinn -- Mr. Rinn has. It's on the -- it's to the west of the Morningstar property across the BBPA property.

MAYOR VEGLIANTE: Yeah. I mean, he's (inaudible) the BBPA property on the west side of the Morningstar. I actually think it is on some Morningstar properties, as well. I think it's --

TRUSTEE CRAIG: And that easement's going to be for residents as well? It's not a private easement?

MR. PROKOP: It's not gonna be a private easement. It's gonna be a

3 TRUSTEE CRAIG: Public easement.

4 MR. PROKOP: Right.

11 public easement. I think it was designed
12 as an easement for the eight homes at the

MAYOR VEGLIANTE: We can hear you

MS. FERRUGGIA: Hi, everybody.
833 Dune Road.

First of all, this was not what I

1 **WHD - BOARD OF TRUSTEES - 8/21/20**

2 was going to say. However, I have to -- I
3 have to agree wholeheartedly with Mr.
4 Byrne. I am beyond impressed with the
5 service we get here from the constable and
6 all, all the -- all the officers. Anyway,
7 that's what I wanted to just digress to.

8 But I am going to suggest
9 something that I'm sure is probably
10 something that has been talked about for
11 such a doggone long time. And I hate to
12 be spending, you know, the town's money,
13 but any way that it has ever been
14 considered or suggested that on the -- on
15 the walkways -- I am on Public Walkway 5,
16 right next door to Public Walkway 5. And
17 for years now, I exaggerate not, I have
18 been picking up the garbage off the beach,
19 and especially now during COVID. I mean,
20 I'm not -- I'm not happy about having to
21 do that. Do they ever think about putting
22 some sort of signage? You know, I know a
23 garbage pail would not work due to
24 seagulls and who's gonna empty the
25 garbage.

MAYOR VEGLIANTE: How are the piping plovers? I don't care about the seagulls.

MS. FERRUGGIA: They're the bane of my existence, the piping plovers.

But, you know, like some sort of signage that -- going onto the walkway and coming off, to the effect of, you know, what you bring on the beach, please take back with you, or something to that effect. Because -- and I can't even tell you, I have taken pictures, I can show them to you, of what I find on the beach. The other day I found a bag of dog pee on the actual walkway and I was grateful that it was in a bag, mind you. But anyway --

MAYOR VEGLIANTE: Not on your shoe.

MS. FERRUGGIA: Yeah. And sometimes, too, I find it buried, you know, like in the sand. They go out of their way to make this mess. So is it feasible to put some sort of signage or not?

MR. HENNIG: Yeah. I'm gonna be on the beach all day tomorrow on the quad, Gloria. I'm gonna stop by. We'll social distance, have a conversation, and we'll form a plan, you and I. But that area was good for quite a while. But there's some things I can't discuss on an open forum meeting right now. But I have a plan in place for that area so I figured you're gonna be pleased.

MS. FERRUGGIA: Oh, thank you so much.

MR. HENNIG: And by the way, just so everybody knows, Gloria has the largest seashell collection in the entire Village on her property. It's like a museum. Anyone would like to stop by and look, it's all outside.

Anybody else? Joe, anything?

MR. PROKOP: Just, we need a motion to pay the bills.

MS. SADELI: We did that.

MR. PROKOP: Oh, we did that. Okay, I'm sorry, I missed that.

TRUSTEE CRAIG: We did the bills and the minutes when you were off, Joe. Bills and the minutes.

MAYOR VEGLIANTE: When you disappeared from the film, from the camera.

TRUSTEE CRAIG: Yeah.

MAYOR VEGLIANTE: Everybody good? I'll entertain a motion to adjourn. Second. All in favor?

TRUSTEE CRAIG: We'll see you at the meeting -- no, we'll see you at the movie night tomorrow night.

MS. SADELI: We'll see you at the movie.

MAYOR VEGLIANTE: Movie night.

MS. SADELI: Bring your mask.

TRUSTEE EFF: Mike, what time are we assembling tomorrow?

TRUSTEE CRAIG: I'll be there around 7:00. 7:00.

TRUSTEE EFF: All right.

MAYOR VEGLIANTE: Yeah, that's -- I'll be there around that time.

MS. SADELI: I'll bring the candy.

TRUSTEE CRAIG: Bring the table, the pails and the torches.

MS. SADELI: Oh, good. Oh, we'll be able to do the torches. That's good.

TRUSTEE CRAIG: As long as it's not 20 mile-an-hour winds, we could probably pull it off.

MS. SADELI: Right.

MAYOR VEGLIANTE: Okay. I'll be here.

MS. SADELI: All right. See you guys tomorrow.
